Aims and Scope

JPRP is an open access journal publishing double-blinded peer-reviewed research papers, communications and reviews dealing with all aspects of Pediatrics.

Publication Information

The journal publishes in *February, April, June, August, October and December* by the Vietnam National Children's Hospital. As a fully open access publication, the journal will provide maximum exposure for published articles, making the research available to all to read and share. A corresponding print version is also available.

Any manuscript followed the journal's scope and author guideline will be assigned to managing editors. All manuscripts undergo an editorial screening and a double-blinded peer review by at least one independent expert in the field. The managing editors make an editorial decision, which is subject to endorsement by the Editor-in-Chief.

Further Information is available through the journal website: <https://jprp.vn/JPRP>
